What is a Sieger Show?

A Sieger show is a European-style conformation show. At the national show, certain winners are given the classification of “Sieger” (male dog) or “Siegerin” (female dog).

Who is allowed to enter?

8. Cropped and docked Boxers born in the USA may be entered at the show. Ears cropped, tails docked, haws removed, dew claws removed, on dogs that were born in a country where it is illegal to crop or dock etc. cannot be shown at USA-BOX shows. So should your dog be born in Denmark, flown here to the USA, then altered cosmetically, it is NOT eligible to be shown. If your dog was born in Canada and flown to USA, then cropped and docked, this is fine. Haw removal is not legal anywhere with regards to show entry. Please be aware of the regulation of the country of origin.

Note: No "day-of" event entries will be taken. All entries must be listed in the show catalog.

* The only titles that can move you to working class in Boxer shows are IPO. The lowest level that can move you to this is the IPO-VO. Herding, obedience, agility, French ring, mondioring, and/or tracking do not replace the IPO in any way.
